THE TEST THAT TELLS

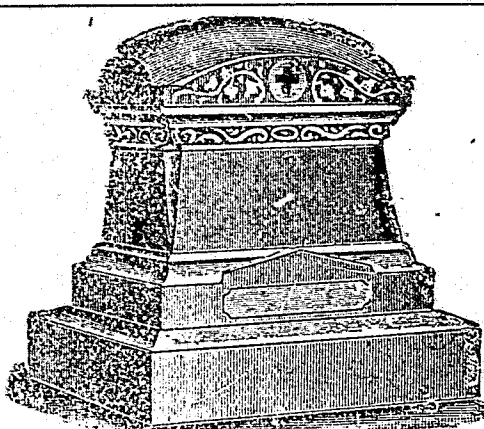

Is the Test Of Time. Many Norway People Have Made This Test

Years ago this Norway citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Norway reader demand more convincing proof? It's Norway testimony—it may be investigated.

C. E. Bradford, prop. of laundry, Main St., says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well either, when a friend advised me to take Doan's Kidney Pills, I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since."

Four years later Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bradford had. Foster-Milburn Co, Mfrs., Buffalo, N. Y. 45-46

GREAT WAS THE FALL OF LONG! NOW ALL SING NO. 53.

J. M. Bartlett, formerly of East Stoneham, but now of 30 Westbourne Road, Forest Hill, Mass., was so elated over the Coolidge Landslide he sent us the following:

"And behold, it came to pass on the fourth day of the 11th month, there arose a great muttering and gathering of the populace.

"And what is this?" they asked. "What sayest thou of the interloper? Whereupon the leaders of the market place, the fisher folk, the money changers and the scribes did arise and smite with the ballot—being a weapon of great strength and durability—the bared head of King Richardo, yept Long, the Stanger within the Gates.

And great was the tumult thereof—yea even unto the 12th hour.

And lo, on the following day there came a miracle. For so great had been the emotion of the populace that—the mental cold was transmitted to the weather and the ballot deluge became one of rain, and the frost turned to rain—and great was the fall thereof.

We will now sing No. 53 in the Red Book."

SOUTH ALBANY
Mrs. John McAllister and daughter, Francis were home from Norway over Sunday.

Mr. and Mrs. W. E. Canwell visited their father P. B. Henley at Lovell, Sunday. Mr. Henley is improving but Mrs. Henley is ill with the influenza. Mrs. Henley's daughter, Maude Birney from Portland is caring for her.

George R. Kimball and H. B. Moxey of Bridgton were in town, Sunday. Herman Holt has been laid up for several days with a cold. While digging in the ground he came in contact with the roots of the plant and was badly poisoned. He seems to be getting better at present as the swelling has gone down and the blisters are healing well.

Mr. and Mrs. Kimball and children of South Waterford were at Merritt Sawin's, Friday. Mr. Kimball was getting some lumber out of his barn on the hill which he will haul to his home to use in a building there.

Helen and Richard Holt are spending their vacation at their home in Norway.

Mr. and Mrs. Will McAllister received word, Saturday from their daughter, Mrs. Eugene Lovejoy of North Waterford, that her husband, who was at Lovell hunting had been accidentally shot in the leg. Mrs. Lovejoy and children are with him at present and report him as comfortable and the wound not serious.

Harold, Marjorie and Edith Canwell spent Sunday at Merritt Sawin's. Mrs. Ingalls McAllister has been ill for some time with tonsillitis. The little boy, who lives with them, Theodore Brown, has also been ill with a bad cold or grip.

Mr. and Mrs. Will McAllister and son, Will Jr. visited his brothers, Ingalls and David McAllister, Sunday.

W. S. Perkins and son, Ralph of North Waterford were at John McAllister's, Sunday, hunting for a steer which had been in a pasture there but has got out and strayed away.

Will McAllister has been buying cider apples and hauling them to South Paris for Mrs. G. H. Porter.

Merritt Sawin recently sold a heifer to Walter Lord.

Charles Hersey and son, Alfred of North Waterford were at Walter Canwell's, Saturday and got a Durham bull which he bought of Mr. Canwell some time ago.

Mr. and Mrs. Walter Lord and daughter, Gwendolyn visited his sister, Mrs. Ernest Brown, Sunday.

The snow last week came unexpected and there was a general hustling that day to get home and under cover the cattle young and old which were away at pasture.

Mrs. Annie Knight of North Waterford visited her mother, Mrs. C. V. York last week.

IF MOTHERS ONLY KNEW
Thousands of Children Suffer from Worms and Their Mothers Do Not Know What the Trouble Is.

Signs if worms are: Constipation, sour stomach, deranged stomach, swollen upper lip, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of children, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, with red points sticking out of the tongue, starting during sleep, slow fever.

Mrs. H. N. Roberts, 502 Asylum Street, Flint, Mich. used Dr. Truett's Elixir on her little baby girl when she was sick. Mrs. Roberts writes Dr. Truett: "My little girl is cured of her worms. And in a letter I wrote: 'Baby is fine and I think it was your medicine (Dr. Truett's Elixir) that cured her (Laxative and Worm Expeller) that helped her.' If your child is ill start giving Dr. Truett's Elixir at once. Buy Dr. Truett's Elixir at your dealer's at once. Three sizes.

Powerful Pile Remedy Discovered
Taken Internally, Has Never Failed to End Most Obstinate Case of Piles in Few Days. Guaranteed.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding, have been completely cured in from three to ten days. Think of it! Just a few doses of this carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

All pharmacists dispense Miro or can get it for you short notice. Surely it's worth the little trouble to obtain it. To be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this reason Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

Footling Up Matters

There are three big things to be considered in every pair of shoes—quality, service, and price. Crossett Shoes have always been made for discriminating men. They are always in good taste—the quality you know from experience, the name "Crossett" branded on the soles insures the durability. They are not selling price to-day, neither are you buying price. It is that counts and every penny you put in a pair of Crossett Shoes goes in wear, with interest.

RAINBOW NO MYSTERY
While it is true that the beautiful colors displayed by the rainbow are due to the passage of light through raindrops, the popular conception that the drops are directly in line between the sun and the bow is incorrect, says the Galveston News. The light enters the raindrop and is refracted and reflected back to form the bow. In this passage through the drops the different colors are produced which, blended, make our ordinary white light. Two persons standing side by side see two different bows, though they present the same appearance. Untold centuries after men had viewed this wonderful display of color in the sky it was discovered that light thus separated into its component parts had a story of great interest to tell. By passing light through carefully prepared prisms and charting the lines, by heating to incandescence various substances and passing the light through the same prisms to trace and identify the substance incandescent at the source of light. Thus by spectroscopic analysis not only the sun's light, but also the light of the stars as well, is made to tell the story of the material of which they are composed. Speaking broadly, it has been found that these bodies are made of substances known as component parts of our own globe. The rainbow, long the mystery of the sky, has proved the bow of promise in leading to a very definite analysis of all light.

NORWAY AND VICINITY

Norway High School Fair

Students of Norway High School held their annual fair, supper and entertainment at Norway Grange Hall Friday afternoon and evening, Nov. 7. The sale was largely patronized, the supper and entertainment was a success in every particular, as more than six hundred people attended. The fair opened early in the afternoon with the hall prettily decorated with evergreen trees. Branches of red berries with the school colors, lavender and white, displayed in good taste, made a pleasing setting for the decorated tables and booths arranged about the hall. A miniature forest was made in the center of the hall and Gretchen Eisenwiler sat enthroned in a gypsy tent, telling fortunes and collecting dimes for her words of wisdom and mystic incantations. The mystery booth loaded with packages was a general gathering place for the curious and many young speculators plunged into the game with enthusiasm. Elizabeth Bartlett, Louisa Thomas and Doris Adams presided at this table. Homemade candies were featured at a decorated table in charge of Marion Millett, Rose Haskell, Rose Merrill and Elsie Kimball. Real sugar was used in this stock in trade and the goods disappeared long before the sale closed. Forrest Longfellow and Edwin Dunn were salesmen at the vegetable table where a large assortment of garden products were sold at reasonable prices. High school banners were in demand and had a ready sale at the counter presided over by Thelma Grover, Madelyn Hayden and Alice Bartlett.

Home cooking in the form of cakes made an attractive display in a booth conducted by Thelma Frank. A large assortment was on hand when the sale opened but they disappeared quickly and the late patrons missed the feature. The booth displaying fancy needlework, tatting, embroidered handkerchiefs and a large stock of small dainty articles was prominent in the line. Elizabeth Klain, Laureline Foster, Elsie Smith and Marion Welch were busy supplying the trade and talking about the excellent quality of the articles on display. A large assortment of serviceable aprons was sold from a counter where Erna Henley, Isma McKen, Susie Bradbury and Emogene Sanborn made good as salesladies and disposed of a large stock. The famous sofa pillow contest where the winner carries away the coveted N. H. S. trophy each year, was in charge of Minnie Hill. Numbered post cards were sold and at a drawing later Roland Nevers won the prize.

Principal Albert C. Parker made a few remarks in behalf of the school and announced the lucky people in the several contests. Edward McCormack won box of candy No. 1, and Perley Snow, No. 2. Otto Stone's name was drawn from the Mystic Box. Ice cream and cake was served on lunch tables arranged about the hall and the patronage was large. Eleanor Brown, Lella Wills and Ruth Crooker were in charge. Supper was served in the dining room at 6.30 to more than five hundred, the largest crowd ever seen at any supper in Norway. They packed the room and a line extended far out Whitman street waiting their turn. Crowds waited an hour and some two hours and more, the tables were reset four times with an abundance of food at each relay. Many were obliged to give up and return home for a late lunch before the entertainment. Mrs. Maud DeCoster with the help of Mrs. Elton L. Brown, Mrs. Orin Stone, Mrs. Moses Grover, Mrs. William F. Jones and the high school teachers, Elsie A. Peacock, Edith M. Knight, Helen Tracy and Ruth E. Brown. The students were waitresses and served the patrons in a deft manner. Those representing the seniors were Elizabeth Bartlett, Thelma Grover, Marion Millett, Eleanor Brown, Clara Robbins, Alma Noyes, Erna Henley, Velma Frank, Frances Jones, Verna Westleigh, Stella Hammond, Madelyn Wyman, Mary Jones and Minnie Hill. They were assisted by the following juniors: Doris Adams, Elizabeth Downing, Nina Butters, Marion Downing, Isma McKen, Grace Dubey, Uldene Bennett. The following young men assisted at the several tables: Donald Rice, Thelma Joslyn, Harold Thompson, Willie Block, Edward Dunn, Lester Millett, George Crooker, Forrest Langley, Guy Munket and Robert Hunt. Owing to a necessary delay in finding accommodations for double the seating capacity of the hall, the entertainment was held up until 9 o'clock. After two selections by an orchestra of seven pieces, a farce "The Big Doughnut Corporation" was presented. Several preceding numbers were cancelled because of the late hour and this sketch concluded the performance.

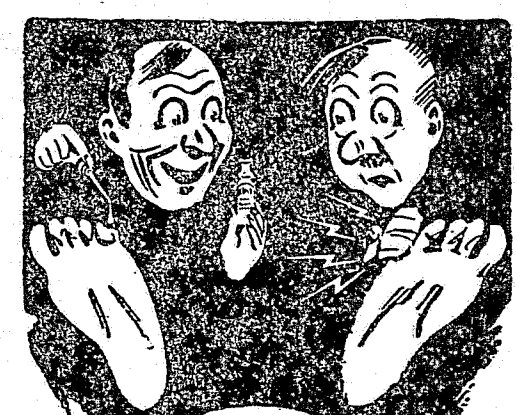

The comedy pictured the trials of a promoter, Mr. Longhead (Elsid Mattor) who endeavored to float stock for a "nut" factory. His office assistant, Mr. Shortstop (Paul Nevers) was made the goat on several occasions and bore the brunt of the worldly and fictitious expressions from dissatisfied stockholders. The dashing and independent stenographer, Miss Dash (Doris Beck), and the corporation's canvasser, Birdy Pluckum (Doris Cummings) was a good portrayal of sarcasm and wit. The Norwegian (Verna Kimball), who sampled the overgrown doughnut in stock and left a tooth with the manager proved fiery and destructive. Reuben Slowboy, a stock buyer (Clarence Dyer) was a product of the hayfield and played to his name in physical and mental attributes. That dainty poetess, Lulu Freshwater (Beryl McKay), who writes advertising verses for display, was a personification of artistic nerve and indulged in a successful cozy campaign with Mr. Shortstop until Sairy Redtop (Eleanor Smith) broke up the game. Sairy was surely some scrapper and put the corporation out of luck while demanding the return of her good money given for shares in stock. A paragon juggled with two strong arms out a wide swarth in the office force and liquidated the doughnut trust with no opportunity for a continuance of the case. Harold A. Anderson coached the play and Edward Burnell handled the grease paints. A social dance followed until a late hour and the crowded conditions remained until the end. This closed one of the most successful fairs held by the school. Every citizen cooperated with the students in their efforts to make it a record breaker and showed a school loyalty for which Norway is noted.

"Gets-It" Peels Off Corns Painlessly

OFF They Come Like Banana Skin.
2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there is the peaceful, glorious "gets-it-off" way. After you have tried "Gets-It" you will say "never again!"

"Cut it? Quit it? 'Gets-It' Peels it off!" again! To all other methods. This is because "Gets-It" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fussing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Sold by B. Lawrence & Co., Chicago, Ill. Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

Electric Lights

Our citizens are getting enthusiastic over the prospect of an electric lighting plant for our village. Through the efforts of the Chamber of Commerce the Springer Mfg. Co. of Bethel has made a proposition favorable to the project. A stock company is to be organized here with an issue of ten thousand dollars. This is to be placed at the disposal of the Springer Co. to cover the expense of installing the plant. Six per cent interest is to be paid on this stock. This work is to be completed early the coming summer.

Fred Davie has moved from the Felt tenement to the house purchased by him of John Foster, located on the Merrifield hill road.

Frank Cushman returned Wednesday from the west where he has been employed for nearly a year as caretaker of one of the Government storehouses at Madison Junction, Yellowstone Park. He and Mrs. Cushman left here first of last December on a visit to their daughter in Oklahoma. Mr. Cushman reports two and one-half feet of snow at the Park when he left there the first of November.

It is reported that Joseph Seames has sold his house and land at the lower end of the village to Frank Bennett of Greenwood. Price, \$1200. Mr. Seames and family will move to Kennebec Co. within a few months.

There would be great merit in a proper water system for the village. It is one of the great needs of today. The matter has been taken up by our Chamber of Commerce and there will be a special meeting at their rooms on Wednesday evening, Nov. 19th. Judge Herick of Bethel will address this meeting on the subject and he is a gentleman qualified in such matters. Every citizen is wanted to be present on that evening. There is a proposition that the town should own any water system installed and that it should issue bonds for \$20,000 to advance the project.

NORTH BRIDGTON.

Melville Wilbur of Summit Spring, Harrison, has moved into the Henry Evans house, which he has recently purchased. He also bought the Songo of S. D. Meserve and will keep hotel the coming summer.

Mr. and Mrs. Maurice Savin of North Conway have gone to Worcester, Mass., for the winter, after spending a week with Mrs. Lakin's parents, Mr. and Mrs. Chas. Barnard.

Mr. and Mrs. Lewis Howard, Mrs. Martha Wight and C. H. Barnard attended Oxford Pomona at Harrison, Tuesday. A large crowd and a fine meeting is reported, especially fine was the lecture on "Americanism" by Alton C. Wheeler of South Paris.

Truman Adams and wife are visiting his parents, Mr. and Mrs. Joseph Adams, while regaining their health from an attack of scarlet fever. They were both in the isolation hospital thirty-one days.

Charles Kendall has been appointed post master to succeed Carrie Wentworth, who is soon to close her labors there.

Emily Kimball is moving out the place she recently purchased of E. K. Shedd.

Mrs. Georgie Allen returned home Thursday noon after spending two weeks with her daughter and husband, Mr. and Mrs. Roger Eastman at Fryeburg.

Frank O. Chadbourne is going through the village saving wood with his gasoline engine. Perley Howard and Charlie Chadbourne are helping him.

Edgar, Arthur and Ernest Mayberry went to Stoneham, Sunday, deer hunting. Perley Howard carried them by auto. They expect to be gone about ten days.

Walter Crockett from East Naples was in town, Saturday. He expects to move his family here this week into the house he has lately purchased of Mrs. Howard Randall. Mr. Crockett is to work as sawyer for Joseph Pitts in his portable mill.

Mrs. Charles Hill is canvassing the village for the Red Cross drive and is meeting with good success.

Mrs. Alice Freolve left Saturday for Waltham, Mass., where she will spend the winter.

Roland Howard had the misfortune to injure his face severely while making shock for Harry Bisbee by the windlass breaking and the iron bar hitting him on the right side of the face, causing facial paralysis. He is treated by a physician.

Will Glines and family have returned home from Waltham, Mass., and expect to spend the winter here.

S. C. Ridlon is doing a rushing business at his cider mill.

Mr. and Mrs. L. N. Howard were recent over night guests of their daughter, Mrs. Grace Crooker and family at Mechanic Falls.

Truman Adams and John Wentworth had the good fortune to shoot a nice deer, Wednesday, Nov. 5.

Edith Hanscome, who has been visiting her sister, Mrs. Carroll Howard, the past week, returned to her home in Poland, Saturday. Mr. and Mrs. Howard carried her by auto.

Since last March thirteen places have changed hands in this small village. Can't say but what North Bridgton is moving.

Kate Cushman, who went to Poland, Montana, last March, has returned home. Marion, Hannah and Annie Ridlon spent the day with relatives in Sweden, recently.

**Tested 250,000 Miles
Three-Point Cantilever Springs
Greatest Improvement Since
Pneumatic Tires**

OVERLAND 4 has been put through the most thorough and severe test possible. 250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that **Three-Point Cantilever Springs**, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.
They enable the wheels to hold better to the road. They give greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the **Three-Point Springs** at both ends of a 130-inch Spring-base gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from **Auto-Lite Starting and Lighting System** to **Marshall Divan Spring Upholstery**.

Come in and see this car. Ask for Booklet. **Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375; Prices f. o. b. Toledo.**

SELLING CAN HANDLES IN MAINE'S GREAT POTATO PATCH

Nothing out of the usual has befallen the writer. He has been accused of mixing geography and crossing the Kennebec when it should have been the Penobscot. Also, of too liberal use of articles of pure fiction and easy reading. Such minor trifles don't count and here is another chapter of the story.

Moving pictures with concert was in a Caribou church that night and Walter attended. He reported something out of the ordinary and I accept it as his judgment is good in such matters. Mother and I were too tired to go and I don't believe in such entertainment on the Sabbath.

Van Buren gets its name from M. V. Buren of New York who at one time was president of the United States. The town is a village of several parts, one of which is called Keegan. Named, I am told, for Peter Charles Keegan, who insisted on having a railroad station and in operating a big lumber mill and other activities. He is reported as being a democrat and was one of a commission along with my old schoolmate, "Stubby" Fellows of Bucksport, who settled up international troubles over logs and lumber between the United States and Great Britain a few years ago.

Dinner was had at the Hammond where one table girl tried to do all the work and three others loafed about the dining room in a sulky manner. I waited 17 minutes between courses for the overworked girl to get round to me. Several others did the same. What the trouble was, I don't know. The house is a good one and looked prosperous.

The streets are no better than in other large Aroostock villages, notwithstanding the French language is used almost exclusively.

There are many good looking residences but the stores are small with merchandise piled in convenient heaps very much as Nat. Brown did in his Bethel hardware store years ago. That was an interesting curiosity and so are these. How anything can be found is a wonder. All the stores I visited were alike in this.

I sold can handles to Miss Helen Tardif. She bought liberally and paid cash. A traveling man, who was selling jewelry gave way, as I was in a hurry. This is something you occasionally find but not often. I promised Miss Tardif I would not sell to any other dealer in town, of course excepting Keegan. I traveled a long way and supposed I was out of town or in Keegan when I called on a trader and stocked him with handles. Imagine my surprise when I asked for his postoffice address he said: "Van Buren." I was a mile or so from Keegan.

If Miss Tardif objects, I shall buy his stock and turn it over to her as I have learned years ago if you expect to prosper, you must do as you agree. I didn't suppose Van Buren village was so long drawn out.

There is no newspaper published here. If there was I wonder whether it would be in the French or English language. Crude evidence was seen of unique and snappy job printing floating round which must have come from a local printing office. I was unable to find it and explain the marvelous attraction of my can handle invention.

Up the St. John valley is a great ride. You have left the potato fields—where potatoes are supposed to be raised—into mixed farming. Here cows, pigs, sheep and children are in evidence. Also ornate architecture and red paint blend in proportion with the prosperity of their owners. I like it. It is different. Good crops are raised and the politeness of those you meet is in marked contrast with what is seen in Mexico and Peru. (Oxford County, I mean). Many of the houses are not large but they are occupied and filled with the gaiety of home attractions. Hens, chickens and geese, sheep and swine, are huddled together in close proximity with the boys and girls and old folks.

Not all were this way, but many. The red and white paint and latticed worked house trimmings brings to mind John Hazen's best efforts. Surely it is a land of plenty, decorated in high colors.

I discovered a new use for two-quart tin cans. They are used for sap buckets. The spill and tapping is different from what is used in Greenwood, this country, but it serves the purpose. I'm thinking the smallness of the can would require too much emptying. Maybe sap does not flow as freely here as in some places. I saw two sugar barrels filled with these cans with short split cedar spilla. In the same house were many barrels of potatoes and a few with apples.

This is not much of a fruit raising country. At Little where there is a big Catholic Cathedral and a ferry, we promised to send a barrel of Oxford County apples to P. Theriault, Charles C. Davaples to P. Theriault, Oxford, is supposed to like for good apples and an acquaintance with the Rumford Falls Bibles and the great Stearns family when in the legislature a few years ago. I supplied them on. He has a good looking store and I think politically is a democrat.

Little is in the town of Grand Isle which at one time was known as Upper and Lower Villages. Fred A. Soucey is my selling agent here.

I must supply the good people on this side the river with my economical invention and have it pretty well done. I wonder if any of the handles will find their way over the river. Handles will go come onto this side. In prohibition, somebody says the border leaks, possibly it may leak tinware, but probably to no great extent.

I noticed occasionally large sized cement mounds by the roadside or in fields

Get Well—

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I decided to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. W. Wooten, 2242 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Wooten.

near the road. Some of them were located a good ways from the river and I thought they could not be the boundary which I have heard so much about in years gone by. On inquiry of Mr. R. H. Sprague of Presque Isle was told it took four of these monuments to find the boundary and that "the line" isn't all the way in the St. John River. There are two monuments on this side and two on the other side and where the diagonal lines cross is the boundary. It would take Al Stevens' "true meridian transit" to work it out, I'm thinking.

I was told North Madawaska was the farthest north point of land in Maine, but if the map is correct, Range 20 is ten miles nearer the North Pole. The former town figured in the bloodless boundary war of the 40's when Capt. Amos P. Noyes led his military company into the wilderness to be ever after known as "Madawaska Heroes." Thus the name of the town got into history. Frank D. Pournier is my selling agent here as well as postmaster. He will have calls for them, no doubt as the people are thrifty.

Frenchville was "jumped." That is the language of commercial travelers. Walter stepped on the throttle and tried to beat out darkness and a shower by getting to Fort Kent first. This he did. The rain went round, the clouds parted and the sun shown when we reached the Acadia for the night. This hotel is new and takes the place of the famous old Dickey House. It is all right and undoubtedly was founded by Holman Day's Duke of Fort Kent—Wm. Dickey, who represented his district in the legislature a life time.

It is said when he first went to the capitol at Augusta it required a week's time to get these improvements in transportation come, the time lessened and when it got so he could make the trip between sun and sun, Mr. Dickey said he had really got out of the woods.

Wm. Dickey was a power up this way and used it with such prudence and skill as to retain it for a life time—a loyal, unserving democrat of the old school. I intended laying a wreath on his grave but social demands and call for Economy Handled prevented.

I left Fort Kent. It has a custom house and is on the border and I like that. The "border" presents great attractions for some of the States' people now. I intend spending next season's vacation there or in Canada, depending somewhat on the laws and the exigencies of the can handle business.

Plans were laid in Houlton to visit St. Francis, going up one side of the river and returning on the other—18 miles each way—but Mother objected. She thought I'd better defer it until next season. Walter expressed no opinion and we decided to turn about and go over and down the hills to Ashland, but did not start until after calling on Mrs. Turner C. Hutton and selling Economy. Turner C. Hutton was out of town but I called on his wife and saw the boy and listened to their story since leaving Norway. They went to Portsmouth, N. H., but were unable to get rent suitable to live in and Mr. Hutton got transferred from Government work there to come to Fort Kent and assist the custom house officer in his duties here. They are doing well and liking it. Mr. Turner was "down river" when I was there. He has since written expressing regrets that he did not see me.

Note 1.—Next week, nothing preventing, I'll take the readers, a few of them, along with me to Ashland, Presque Isle, Lincoln and Bangor and perhaps farther.

Note 2.—There are two Kennebecs (Little and Big), also a stream by that name that manages to get into the Mooseheadmegantic or Big Lake at Indian Rock. This is in the Rangeley System which is the head water of the Androscoggin River. Now you know where you are, if not, write me.—Editor.

INDIAN SUMMER

Indian summer is a term loosely applied to any period of comparatively fine weather occurring during October or November, but the weight of authority seems to place it in November. According to one tradition of the Indians "they always had a second summer of nine days just before winter set in," which would indicate November. Indian Summer in North America corresponds to a similar season prevailing during the late Autumn in England and the Mediterranean countries, called St. Martin's Summer from St. Martin's festival, which falls on November 11.

ATTRACTIVE WOOL DRESSES

Beauty and Value have been combined in the Dresses shown at this store. A woman in search of a Fall Dress that is individual in style, made of serge, the quality of which will not alone give good service, but which will always look good, is urged to see these dresses before making a purchase. There are numerous styles to select from and every one absolutely fashionable. The manner of trimming convinces you at once that it has neither been overdone nor does the trimming lack any of the style features.

Serge Dresses \$17.95 to \$37.45
Velveteen Dresses \$24.75

BEAUTIFUL COATS

The coat season is in full swing. The styles are certainly beautiful as one of our customers expressed it the other day. And if you will but take the time to look and try the coats on and consider the prices of everything you will find these coats moderately priced. Here are coats you will be proud to own and wear.

Prices Range From \$19.75 to \$65.00

House Dresses	Fall Sweaters	Silk Petticoats
"Domestic" and "Barnum" make the kinds that are reliable. They are made as a dress should be, in medium and dark colors, many styles to select from. Regular size 36 to 46, \$2.45, \$2.95, \$3.45. Extra large size 45 to 51, \$2.95, \$3.45.	Attractive styles, beautiful colors. Made of all wool yarns in many beautiful colors and combination of colors. We have the slip-on and coat styles. The new ruffle sweater is here. Young women are particularly interested in this style.	Many styles, all colors. A large shipment of new designs some have silk Jersey top with taffeta flounce, some have cotton top and silk flounce, others of all taffeta silk and satin. Priced \$3.95 up to \$9.95.

Fall and Winter Suits MARKED DOWN

Here is an opportunity for you to get a good suit at a saving of several dollars, don't wait and let some one else get the suit you most desire. Here are suits of fine broad cloth with fur collar and suits of Velour, Poplin and serges, some are strictly tailored others trimmed with braid and buttons.

NEW VOILE WAISTS

Not every woman desires a silk waist nor is a silk waist always desired for all uses. So these waists of cotton materials will be particularly pleasing. They are made of Voiles, Organdies and other new cotton materials designed for Fall wear. The principal trimming ideas are the new collar with lace and embroidery, some styles have the two way collar, high or low. The waists, of course, are in various styles.

Priced \$1.50 to \$4.95

BROWN, BUCK & CO.

NORWAY, : : : MAINE

Norway Lake Supply Co.

Have a few Mackinaws, and a very few wool lined teamster's jackets, with high wool collar, BARGAINS—bought early and would not be duplicated now for several dollars more. Also a genuine bargain in a heavy white wool stocking. Some very nice shirts, overalls, frocks, cotton and Jersey gloves and mittens, and a few woolen mittens. We also have White, Maple, and the Corn Karo Syrup, a barrel of Syrup that is less in price, a very choice molasses, nice cheese, dressed cod, very fine; herring, both smoked and canned; salmon, clams and oysters. All of these are very convenient to have in the house—also we usually have ham, frankforts, and some fresh meat, either beef or lamb.

A nice fresh line of Confectionery. Try it.

Norway Lake Supply Co. E. E. WITT, Manager

LET NO CHILD LACK THE INFLUENCE OF MUSIC

MUSIC means more in moulding the mind of youth than you may suspect. It keeps the little ones amused and contented. It exercises a splendid influence on their natures at the period when impressions count for most. The child that grows up in the atmosphere of music will be the better for it through all its life.

THE Player Piano, with its pleasing melodies, will go straight to the hearts of your children. Its presence will mean many pleasures never before experienced in your home. It will open a field of vocal and musical enjoyment that will transfigure your whole place.

CALL and try it for yourself. Bring the children. Play the pieces you love best or would like best to learn. They are all here. Then permit us to show you how easily this splendid addition to your household can be had.
